

Japonské knihy ze Světa knihy 2012

Díky pražskému veletrhu Svět knihy 2012 získala Národní knihovna rozsáhlý dar od Velvyslanectví Japonska. Jde o knihy původně vystavené na japonském veletržním stánku. Kolekci poskytla organizace [PACE](#), sdružující japonské vydavatele. PACE každý rok provádí výběr publikací, jež mají představovat reprezentativní vzorek nových i starších titulů, které budou zajímavé jak pro ty, kdo se s Japonskem seznamují poprvé, tak pro studenty a lidi, kteří mají hlubší nebo specifický zájem. Proto se vedle komiksů mnohé z knih zaměřují na užitá umění, japonskou kulturu či řemesla, což jsou témata, která dlouhodobě u zahraničních čtenářů vzbuzují největší zájem. Část svazků bude přijata do fondů Národní knihovny, zbytek nabídnut dalším českým knihovnám.
